DIARY NOTES

DD/S [REDACTED]

15 December 1960

25X1A9a

1. [REDACTED] queried me as to whether it would be possible to change the sign-out time in the Administration Building from 7:30 p.m. to 8:00 p.m. I told him that I had no objection but requested that he clear this with Shef Edwards.

25X1A9a

2. [REDACTED] telephoned to inquire as to whether he should send the Inspector General audit reports on [REDACTED] JMARC. I told him that I thought he should, but before doing so, he should notify the project chief that he has been requested by the IG to send these reports and if the project chief has any objection, to let him settle it with the IG.

3. I talked to General Cabell about UBLIC's desire to declare a dividend before Christmas and he approved of this idea.

4. Bob Amory telephoned to say that in the Map Library Room of the Office of Research and Reports they wanted some special furniture and would pay for it out of DD/I's Budget. He assured me that it would cost only about \$3,000 more than the furniture now planned for this area. I approved with the distinct understanding that DD/I would pick up the tab for the entire cost of this furniture.

5. [REDACTED] was in to say goodbye. I had forgotten that he was leaving so soon and I apologized profusely for not getting a few people together for lunch, etc., prior to his departure. He expressed his appreciation for the thought but certainly seemed to understand and, for that matter, appeared to be leaving in very good spirits.

25X1A9a

7. I authorized [REDACTED] to go ahead and arrange for the blacktopping of an area between two wings of Quarters EYE which will provide additional parking spaces. [REDACTED]
